

## Freight Charge Summary

Exact shipping charges for orders placed with Arrowhead will vary based on the following cost drivers:

- **Carrier** - Some carriers offer deeper discounts than others.
- **Service level** - Next-day is more expensive than two-day, which is more expensive than ground.
- **Shipment weight** - The heavier the shipment the more it costs but the lower cost/pound.
- **Shipment size** - Larger shipments are subject to dimensional fees.
- **Shipping distance** - The longer the distance the more it costs.
- **Delivery location** - Some destinations are subject to extra charges.
- **Special services required** - Special services such as COD and Saturday service cost more.
- **Carrier-imposed surcharges** - Fuel surcharges, for example.
- **Value of the order** - A freight recovery fee of \$.70 per \$100 of product value is charged.
